Donor Advised Funds – A Personal Approach to Giving

Establishing a Donor Advised Fund at CCF allows you to make a gift today and then recommend grants to qualified charities over time. You receive an immediate tax deduction in the year your fund is established.

You can establish a fund in your name, in the name of a loved one or be anonymous. The minimum to start a fund is \$5,000 which can be a cash gift, appreciated stock or personal property. Then, you have the flexibility to invest in the causes you care about the most when you want. Grants can support local, regional or national nonprofits.
