### Donor Advised Funds . . . and the new tax laws

A Donor Advised Fund is a great vehicle for charitable giving, particularly with the new tax law and standard deduction. You can bunch several years of charitable giving into one gift and take the tax deduction in the year the donation is made, making it more advantageous to itemize that year rather than take the standard deduction. Then you can recommend grants to qualified charities locally, regionally or nationally *when you want!* Please check with your financial advisors.

You can establish a fund in your name, in the name of a loved one or you can be anonymous. And, you can name your children or grandchildren as successor advisors to your fund. Your donor advised fund can support the nonprofits and educational institutions that are important to you.

The minimum to start a donor advised fund is \$5,000 which can be a gift of cash, appreciated stock or property. For more information call Sharon at (760) 942-9245 or email [sharon@coastalfoundation.org](mailto:sharon@coastalfoundation.org).

## There's a Surge in Giving Circles – Join a Local One

Around the country, giving circles are growing, allowing donors to join with others to make a greater difference in the community. Through a CCF giving circle, your donation is combined with other gifts and the group decides where to grant the funds to local nonprofits, making a bigger impact through pooled philanthropy.

- ◆ **Encinitas Fund** is a new giving circle that will make grants in 2019 to nonprofits for programs that benefit Encinitas and all of its neighborhoods. Community residents who donate by August may participate in selecting grantees.
- ◆ **Hand to Hand** is a group of over 60 women from San Diego County who make grants for programs for women and girls that empower change and self-sufficiency, including job training, education, mentoring, health & wellness.
- ◆ **Solana Beach Fund** makes grants to a wide variety of nonprofits that provide programs and services for Solana Beach. Grants address local needs, funding social services, the arts, environment, educational and community projects.
