Administrative Fee & Fund Minimum Policy Recommendations

A community foundation makes available to the public upon request the names of its investment managers, fees charged (including investment and administrative fees), governing body or appointees who are responsible for investment oversight.

Administrative fees are taken monthly (1/12 of the annual fee is calculated on the fund balance for each month). The fees below do not include investment management fees for funds in the investment pool. In the case of extraordinary service level requirements for a fund, an individual fund may be charged fees that differ from this schedule.
